Bringing the entire Indian organic stakeholders under one roof since 2009!

BE ORGANIC ! CHOOSE HEALTH !

NürnbergMesse Germany organizes the world's leading trade fair for organic food and has been the most important platform for the organic revolution since 1990. Considering the importance of India as an organic sourcing hub, BIOFACH INDIA was launched in 2009. Since then, with every edition the demand and awareness for organic produce has increased tremendously and BIOFACH INDIA has strengthened its position as the only international event where business deals are cemented and India has become a major sourcing HUB.

After 14 successful editions, we welcome you to join the 15th edition of India's leading trade fair for the organic industry. Organized by NürnbergMesse India in association with Agricultural and Processed Food Products Export Development Authority (APEDA), the exhibition offers an outstanding climate for investment and high-level business networking.

Event highlights

-  Meet the organic stakeholders face to face and observe new trends
-  B2B and B2C meetings
-  Knowledge enhancing sessions with experts from the industry
-  Explore and discover latest brands, products and trends
-  Take a look into the future of organic market
-  Meet leading government authorities and regulatory bodies

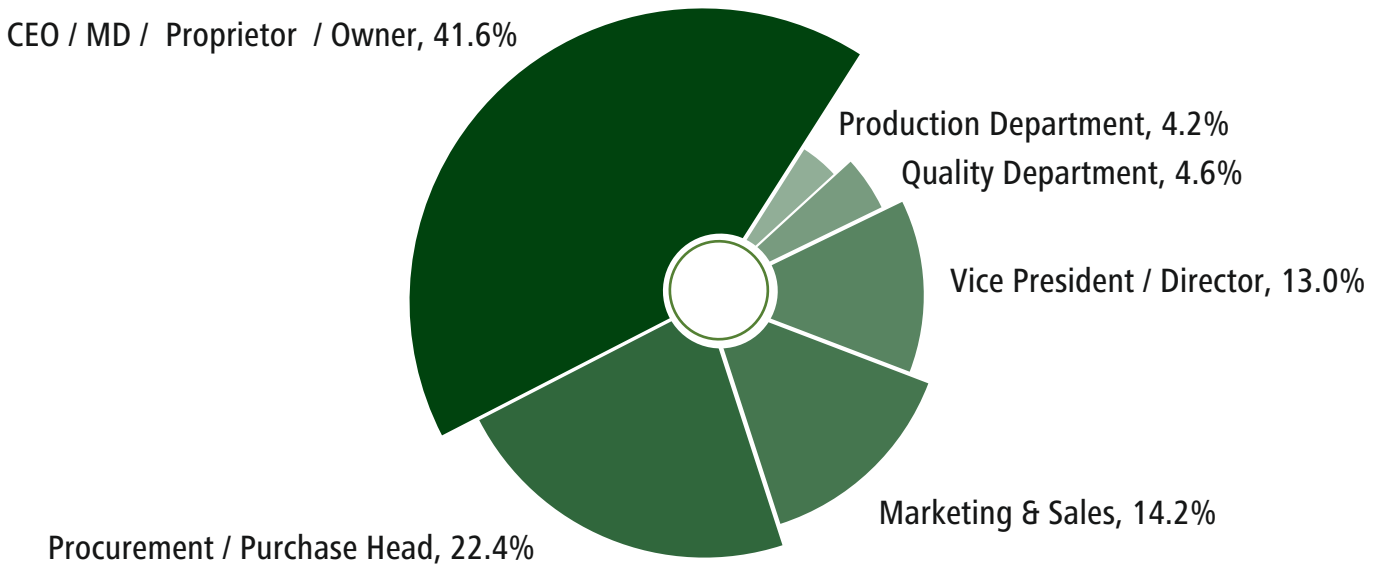

Future prospects and opportunities in the Indian organic industry

India ranks fourth in terms of organic agricultural land globally. Every year, the country exports tonnes of organic oilseeds, cereals and millets, sugar, fruit juice concentrates, tea, spices, pulses, dry fruits, medicinal plant products, etc. Between 2019-20 and 2021-22, a total of 1,978,460.38 million tonnes (mt) of organic products valued at \$2,480.24 million were exported.

By 2024, India's market size for domestic organic food and beverages is estimated to reach \$138 million, growing at a CAGR of 13 percent. India's organic agricultural products exports in FY 2020-2021 grew by 39 percent reaching \$1.04 billion.

Visitor profile

91.2% of the visitors are involved in decision making process!

High demand for Indian organic produce

The Indian Organic Market is expected to grow at a CAGR of 25.25% in the period of 2022-2027 - the perfect platform to meet the industry stakeholders.

Organic hub for South Asian market

BIOFACH INDIA is the procurement hub for the South Asian organic market with buyers from more than 25+ countries.

"India is doing extremely well in organic industry and we are constantly working on further expanding it. BIOFACH INDIA organized by NuernbergMesse, be it in India or in Nuremberg, gives opportunity to farmers and FPO's to directly promote their products. It's a highly beneficial event and in future also we will cooperate with them."

Dr. M. Angamuthu, Chairman - Agricultural and Processed Food Products Export Development Authority (APEDA)

"BIOFACH INDIA plays a very important role in bringing the consumers, the traders and the producers at the same platform. It also brings other important people, organizations etc. operating in the value chain like the certification bodies, the regulatory bodies, the government agencies, the agencies working with the farmer, and other the third parties together. The entire eco- system is here."

Mr. Priya Ranjan, Joint Secretary - Ministry of Agriculture, Government of India
